## Upcycled Sideboard

Get yourself some old scaffold boards, an old bench and think about all the possible ideas that you could have about upcycling it into a useful piece of furniture.

### Materials & Tools

- Evolution RAGE3 Sliding Mitre Saw
- Evolution RAGE-B Circular Saw

### Step 1

I started by cutting and then fixing pallet wood to the sides of my table, then I got an old drawer and using Evolution tools I cut it down to size. Then I screwed a scaffold board to the front to finish off my upcycled drawer.

### Step 2

Using old scaffold boards I made two doors for the front of my sideboard, I drilled and dowelled them then stuck two scaffold boards together. When dry I fitted them using old garden hinges.

### Step 3

Using scaffold boards for cladding, measure then cut on Evolution RAGE3. Then screw them onto the sideboard.

## Step 4

Looking at the top of the old school table, we thought that it would look better if we fixed scaffold boards instead. We drilled and then dowelled them together to make a solid top for the sideboard.

## Step 5

### **Making handles for my sideboard.**

Looking at scaffolding tubes I could see there might be a way of making a handle. So I cut 4 pieces of scaffold tube about 10cm long with my Evolution RAGE3, then using an angle grinder, shaped them to look like handles and then using an evolution power file sanded them nice and smooth.

## Step 6

Get yourself an angle grinder and put a wire brush attachment on then buzz all of the rough edges off the scaffold boards, after you have done this you will be ready to start sanding.

## Step 7

Brush off all the dust then you will be ready for oiling, spray linseed oil all over the sideboard. When dry, spray again, after two coats sideboard should be ready to install into the room of your choice.

## Featured Evolution Power Tools

### RAGE-B

185mm Multipurpose  
Circular Saw

### RAGE3

255mm Multipurpose  
Sliding Mltre Saw

### FILE SANDER

400W Multipurpose  
Precision File Sander

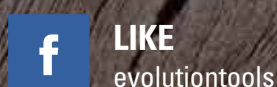

# YOUR CUT ABOVE CUT ABOVE AWARDS 2015

PRESENTED BY **EVOLUTION**

## Submit Your Latest Project!

Fantastic Prizes For Entrants...

- 1 FREE TCT Multipurpose Blade!**  
For every project published.  
\*Chosen by Evolution's judging panel.  
Projects to publish on [cutaboveawards.com](http://cutaboveawards.com)
- 2 FREE Evolution Power Tool!**  
For the project of the month.  
\*Chosen by Evolution's judging panel.
- 3 £1000 worth of Evolution Tools!**  
For the project with the most 'Likes'.  
\*Chosen by Evolution's judging panel on the  
1st December 2014.
