## ONLY EVOLUTION MULTIPURPOSE SAWS OFFER THESE BENEFITS:

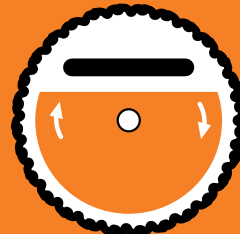

**Fewer blade changes!**  
Gets the job done quicker.

With multipurpose cutting technology, all you need is one saw and one blade to cut Mild Steel, Aluminium, Wood, Plastic & more.

**Hi-torque motor and  
optimized RPM.**

Evolution saws are configured to the optimum power and speed in order to achieve the perfect cut through a variety of materials with a single blade.

**Faster, cleaner, safer & more  
economical than abrasives.**

Cut mild steel five times faster than abrasive saws plus there's no heat, no burrs & virtually no sparks! Resulting in an instantly workable smooth finish.

**Save time & money!**  
One Saw, One Blade, Cuts All.

One 14" Multipurpose TCT blade lasts longer than 20 Abrasive discs! Plus there's no dust, no fumes and the cutting capacity is retained throughout the life of the blade.

**3 Years Warranty on all  
single blade Evolution saws.**
